

APPM Registration Information

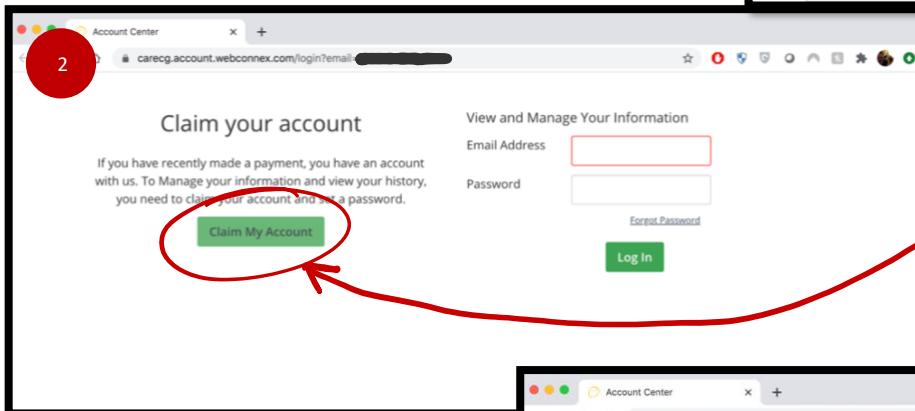

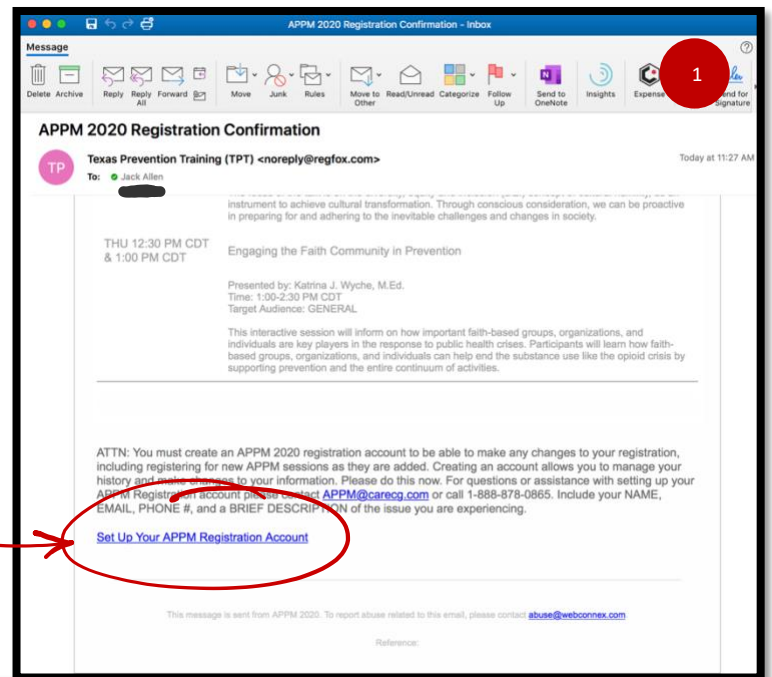

Activating and using your APPM Registration Account

[Setup Your APPM Registration Account](#)

[Edit Your APPM 2020 Registration](#)

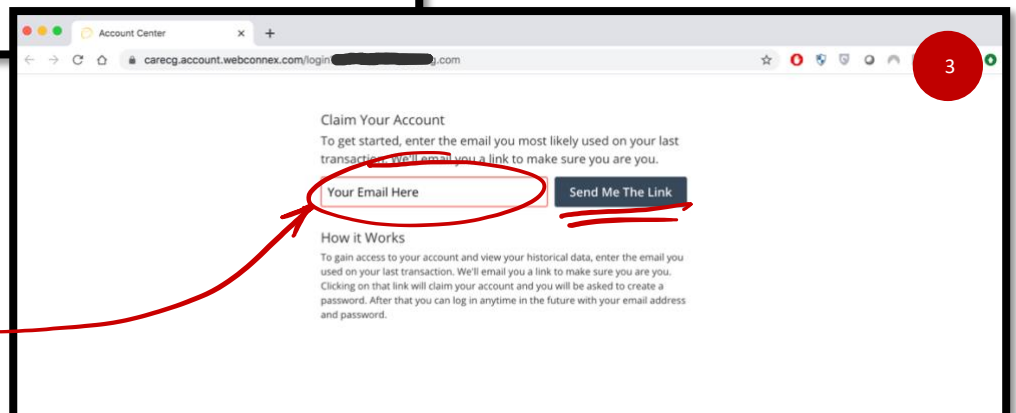

Setup Your APPM Registration Account:

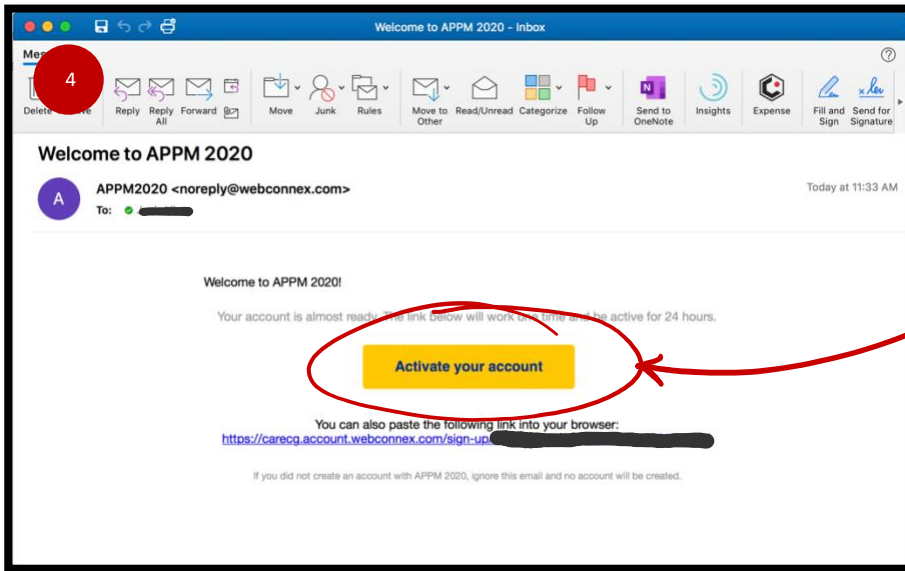

1. When you have completed registration on the APPM website, you will receive a confirmation email from Texas Prevention Training (TPT). Scroll to the bottom of the email and select [“Set Up Your APPM Registration Account”](#)

2. This will open a website prompting you to [“Claim My Account”](#) or enter your login info. Since you haven't claimed your account - select that option, which is free (again, there is no cost.)

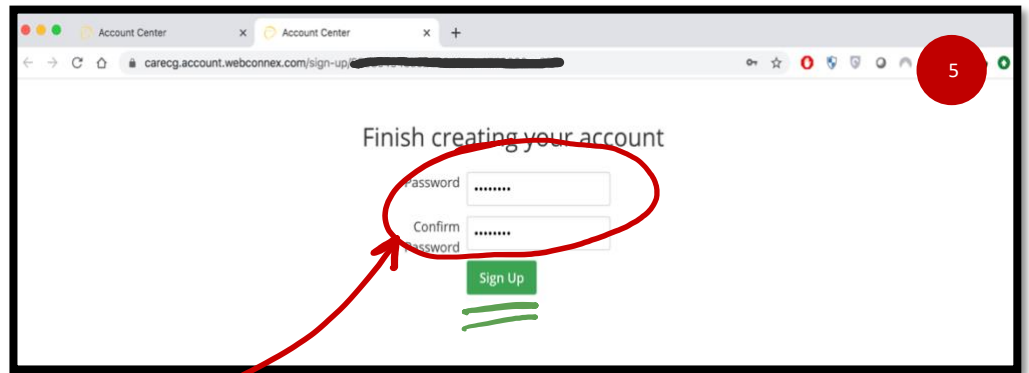

3. Now enter the email address you used to register for the APPM (if it is not already in the text box.) Then click [“Send Me The Link”](#) and you will receive a link at that email address that will take you to a website in order to activate your account.

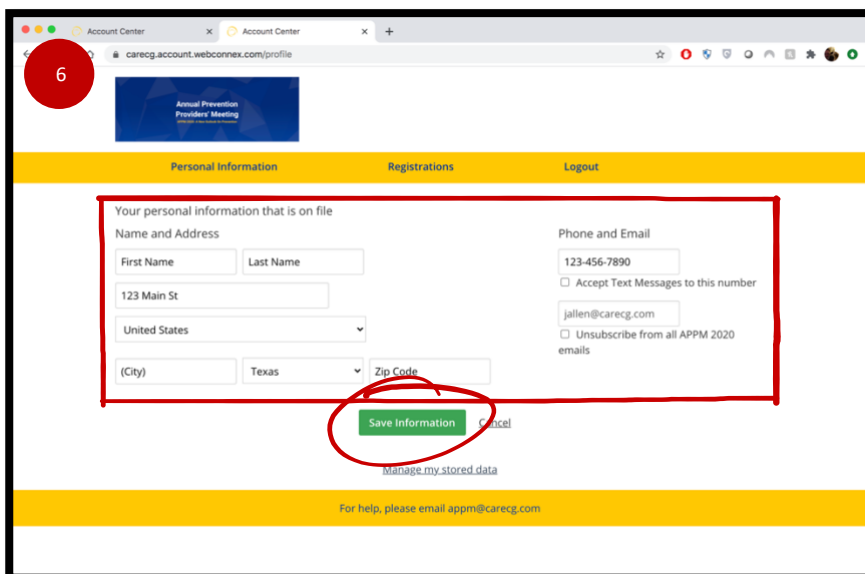

4. Once you have received this email, please select **“Activate your account”** or copy and paste the link provided in the address bar of your web browser.

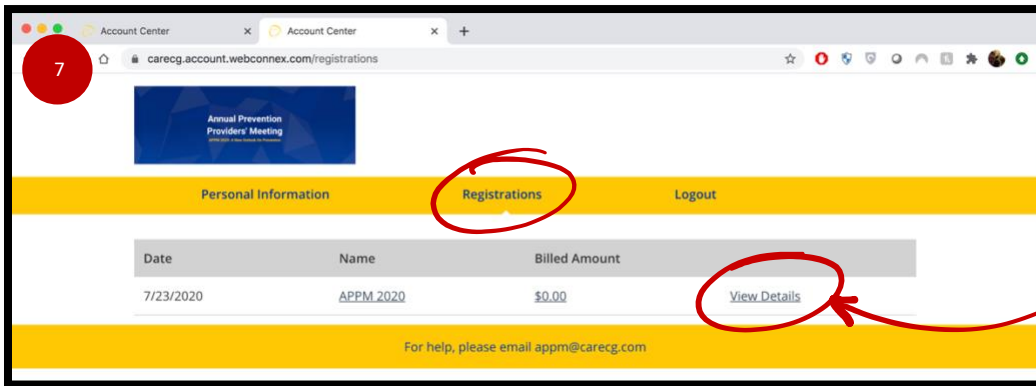

5. The link will take you to this web page - here you will “Finish creating your account” by entering a password that will be used to access your APPM registration management account. Be sure to create a strong password and do not share it. When you are finished, select **“Sign Up.”**

6. You will then complete your account registration by filling in all the required information. When you have finished completing all the designated boxes, select **“Save Information.”**

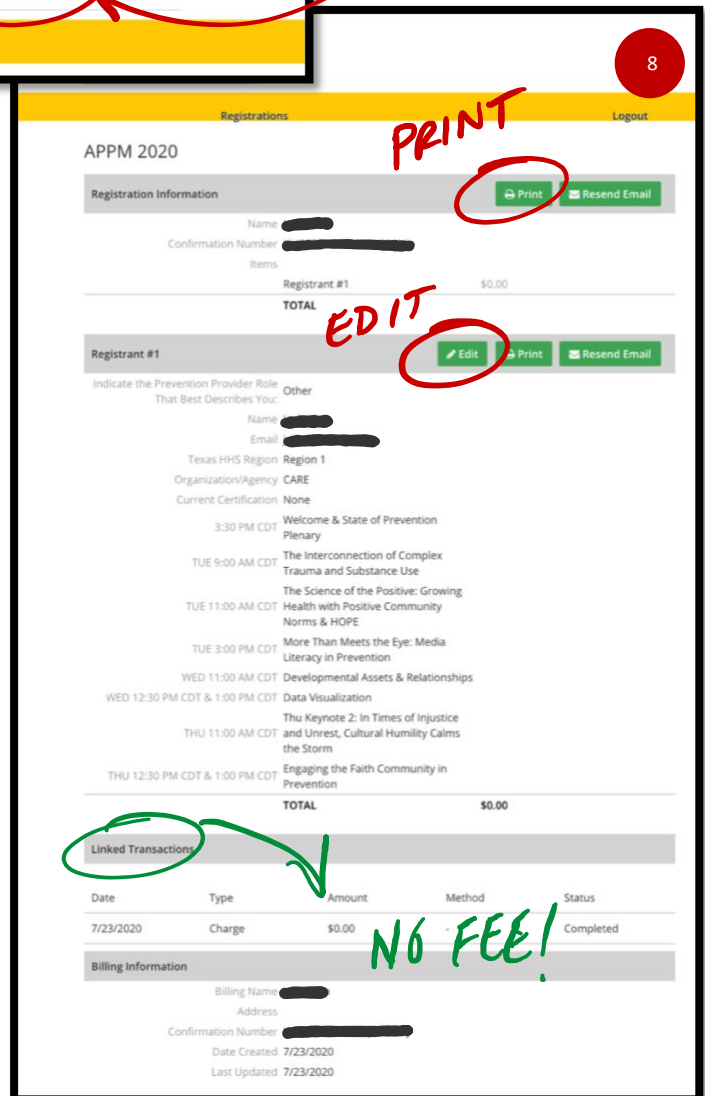

Edit Your APPM 2020 Registration

7. To access and edit your registration information you will select "Registration" on yellow ribbon on the APPM Account web page and then select "**View Details**"

8. On this page, you will be able to access your confirmation number and your schedule of the events you signed up for (as well as see under linked transactions that you have not been charged for anything at all.)

- a. Here you can "**Print**" your confirmation with a list of all your sessions, or...
- b. If you would like to **Edit** your registration to add sessions which were not previously available or change sessions during any time slot, select "**Edit**" in the Registrant #1 box.

9. If you decide to EDIT your sessions anytime up until the APPM 2020, you can:
 - a. Pick a different session from any time slot or...
 - b. **“Clear Selection”** to opt out of any sessions during that time slot.

This can be done as many times as you would like up until registrations are closed.

10. When you are finished making changes to your registration, please be sure to select **“Save”** to confirm all the changes you have made

If you have any other questions regarding registration please contact us at appm@carecg.com
